

The 3rd Annual Virtual Academic Conference *Register Today!*

Register Now for the 2022 Virtual Academic Conference!

On March 26th, 2022, Park faculty, full-time and adjunct, and staff will come together virtually for Park University's third annual Virtual Academic Conference. This year's keynote, [Dr. Tracie M. Addy](#), is a renowned expert on diversity, equity, and inclusion (DEI). She is the co-author of [*What Inclusive Instructors Do: Principles and Practices for Excellence in College Teaching \(2021\)*](#), and a sought after speaker recently featured by organizations such as AAC&U, POD, ACUE, and many higher education institutions.

It is rare to have a special appearance for any singular institution, and it is the Faculty Center for Innovation's (FCI) privilege to host Dr. Addy exclusively for our Park community. After Dr. Addy's keynote, Park presenters will help us collectively explore how we can understand DEI and its transformative impact for our classrooms and student services.

Click the registration link below to let us know you intend to participate in the conference and for a chance to win a copy of ***What Inclusive Instructors Do***. For questions about the conference, please email innovate@park.edu. We look forward to seeing you on March 26th!
